INTRODUCTION	10
1.1 Background and context.....	10
1.2 Research question and scope.....	11
1.3 Methodology	12
1.4 Structure of the thesis	13
CHAPTER I.....	15
THE LEGAL FRAMEWORK OF THE HIGH SEAS FISHERIES.....	15
1. INTRODUCTION TO THE HIGH SEAS FISHERIES.....	15
1.1 The high seas and their resources: open access, conflicts, and evolving uses	15
1.1.1 The high seas, the Area, and the concept of ABNJ.....	18
1.1.2 The complex identity of the natural resources in ABNJ	21
1.1.3 Fish but not only fish: the growing interest in other resources and uses of the ABNJ.....	24
1.2 Key threats and challenges for high seas fisheries.....	25
1.3 Sustainability in fisheries: current policies and developments	27
1.3.1 A necessary premise	27
1.3.2 The concept of sustainability and its three pillars applied to the fisheries	28
1.3.3 A key parameter in fisheries management: the maximum sustainable yield (MSY)	34
2. THE HIGH SEAS FISHERIES: A CRUCIAL PART OF THE INTERNATIONAL FISHERIES LAW	38
2.1 Jurisdiction and sovereignty: are the high seas truly ‘free for all’	38
2.1.1 The principle of freedom and its consequences	38
2.1.2 Jurisdiction and sovereignty: a crucial distinction for regulating fishing activities on the high seas.....	40
2.2 Binding instruments vs soft law: the central role of FAO in their adoption	43
2.3 Regulation under UNCLOS: freedom of fishing with conditions.....	48
2.3.1 Premise	48
2.3.2 The regime under UNCLOS	51
2.3.3 The duties of conservation and cooperation	53
2.4 The United Nations Fish Stock Agreement (UNFSA) and cooperation among fishing nations	56
2.4.1 Issues left open by UNCLOS and their influence on legal developments on high seas fisheries law	56
2.4.2 Some basic principles and rules of UNFSA and their effects on the global fisheries management.....	58
2.4.3 States' duties under UNFSA	60
2.4.4 The crucial role of RFMOs	63
2.5 The Compliance Agreement: strengthening accountability in high seas fisheries	66
2.6 Port State Measure Agreement (PSMA): combating illegal, unreported, and unregulated (IUU) fishing.....	68

2.7 Soft law of the high seas fisheries: not a weak influence.....	70
2.7.1 Premise	70
2.7.2 The relevance of ‘fisheries soft law’	72
2.8 The FAO Code of Conduct for Responsible Fisheries: a ‘constitution’ for the world fisheries	74
2.9 FAO Voluntary Guidelines and International Plans of Actions: implementing global standards.....	75
2.10 Concluding remarks: rewarding approaches to the development of the international law of high seas fisheries .	78
CHAPTER II	83
HIGH SEAS FISHERIES GOVERNANCE.....	83
1. OVERVIEW OF THE GLOBAL GOVERNANCE OF THE HIGH SEAS FISHERIES.....	83
1.1 Key principles and stakeholders.....	83
1.2 The role of the flag State: Is its power still so absolute?	86
1.2.1 The exclusive jurisdiction of the flag State on the high seas	86
1.2.2 The influence of other actors on the flag State powers about fisheries on the high seas	90
1.3 From the EEZ to the ‘Presential sea’: creeping jurisdiction and the evolution of the position of the coastal State	93
1.3.1 Some relevant considerations on the maritime space delimitation between EEZ and the high seas.....	94
1.3.2 The doctrine of the ‘Presential sea’: extended protection of the national interests	96
1.3.3 Implications for the fisheries management	98
1.4 The port State as a strategic actor in sustainability	101
1.5 The market State: is its role still crucial for sustainability in a world with a growing population?	103
1.6 Indigenous Peoples’ rights: the Inuit and the Agreement to Prevent Unregulated High Seas Fisheries in the Central Arctic Ocean (CAOFA).....	105
1.6.1 A complex definition	105
1.6.2 Indigenous Peoples’ rights to marine living resources	105
1.6.3 The case of the Inuit and the COAFA	108
2. THE MANAGEMENT OF FISHERIES IN AREAS BEYOND NATIONAL JURISDICTION.....	111
2.1 Regional fishery bodies (RFBs): some necessary distinctions.....	111
2.2 Regional fisheries management organizations (RFMOs): a focus on those with competence for the high seas ..	113
2.3 <i>IN</i> and <i>OUT</i> of RFMOs: critical issues for effective compliance with the principle of freedom.....	119
2.3.1 Premise	119
2.3.2 <i>IN</i> : the right to participate in an RFMO and some related critical points	120
2.3.2.1 The ‘real interest’ and the rules to become a member of an RFMO	120
2.3.2.2 Cooperating non-contracting Party	123
2.3.2.3 Do restrictions on accession to an RFMO indirectly weaken the principle of freedom on the high seas?.....	123
2.3.3 <i>OUT</i> : third parties and reflections on unregulated fishing.....	126
2.3.4.1 Third parties and the internal opt-out possibility: some considerations.....	126
2.3.4.2 An emerging customary obligation?	130
2.3.4.3 Some considerations on the powers of RFMOs’ members against third parties.....	132
2.3.5 Enforcement in RFMOs: the role of the flag and non-flag States.....	134
3. THE IMPACT OF CLIMATE CHANGE ON HIGH SEAS FISHERIES GOVERNANCE.....	138
3.1 Understanding the issue	138
3.2 Impacts of climate change on fisheries management.....	140
3.2.1 The complexity of data collection in a changing climate: some critical issues.....	143
3.3 Cooperation among RFMOs: towards global approaches?	146

3.3.1 The Regional Fishery Body Secretariats' Network (RSN) and the 'Kobe Process': two main attempts at coordination	150
3.3.2 Regional Fishery Body Secretariats' Network (RSN)	151
3.3.3 The 'Kobe process'	152
3.4 Conclusions: multifunctional states and the effectiveness of participation in the global governance of fisheries	153
CHAPTER III	155
CURRENT DEVELOPMENTS IN THE HIGH SEAS FISHERIES MANAGEMENT: NEW SCENARIOS AND UNSOLVED CHALLENGES	155
1. INTRODUCTION	155
2. The BBNJ AGREEMENT AND ITS POSSIBLE EFFECTS ON THE HIGH SEAS FISHING ACTIVITIES	155
2.1 The BBNJ Agreement: background and status	155
2.2 The main areas of competence of the Agreement	159
2.2.1 Marine genetic resources, including the fair and equitable sharing of benefits	159
2.2.2 Measures such as area-based management tools, including marine protected areas	162
2.2.3 Environmental Impact Assessments	164
2.2.4 Capacity-building and the transfer of marine technology	166
2.3 Interactions between the BBNJ Agreement and high seas fisheries	167
2.3.1 Not undermining principle and the role of RFMOs	169
2.3.1.1 The relevant provisions in the BBNJ Agreement	169
2.3.1.2 Possible interactions with the fisheries management regime	170
2.3.2 Concluding remarks	174
3. THE WTO AGREEMENT ON FISHERIES SUBSIDIES (FSA) AND ITS POSSIBLE IMPACT ON THE HIGH SEAS FISHING ACTIVITIES	175
3.1 The WTO FSA: the state of play	175
3.1.1 The challenging definition of 'harmful subsidies'	176
3.1.2 Some crucial provisions of the Agreement and considerations on the role of FAO	178
3.2 The FSA's three pillars: possible effects on the high seas fisheries	181
3.2.1 Duties of RFMO/As under the AFS	181
3.2.1.1 Subsidies contributing to illegal, unreported and unregulated (IUU) fishing (Article 3)	181
3.2.1.2 Subsidies regarding overfished stocks (Article 4)	184
3.2.1.3 Other subsidies (Article 5)	187
3.3 The role of the advisory bodies and their possible future evolutions: the case of WECAFC	189
3.3 Conclusions: a global approach sustained by regional solutions to ensure the sustainability in a changing and complex scenario	192
CONCLUSIONS	193
BIBLIOGRAPHY	197
